ACCESSORIES CATALOGUE

adidas Golf draws upon a challenge, and ultimately a tradition, established in the early part of the last century – to produce equipment for athletes that measurably improves performance. This tradition is alive and well in our business and in our passion for developing, testing and delivering to professionals and to the marketplace golf accessories and gear that you can proudly call equipment for your game. Like you, we are golfers who demand the best from our equipment. We design our gear to maximise the body’s potential, and to give you confidence that you are equipped to perform your best.

- 12 BELTS
- 14 TRAVEL GEAR
- 15 SOCKS
- 16 ACCESSORIES

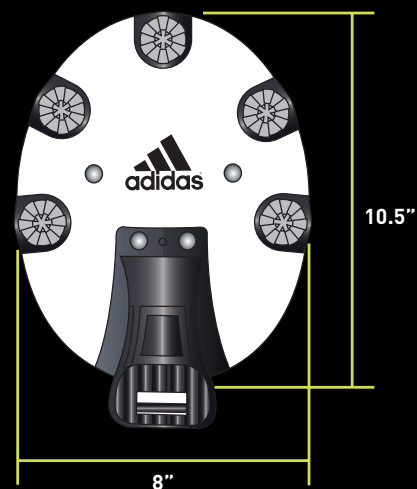

BAG TECHNOLOGY LEADERSHIP

Technology in golf must improve the experience and the performance for the golfer, not just serve as a talking point. With this simple guideline, and with our passion for the game, the adidas Golf team examines every aspect of the golf experience, and brings innovations to product development that can be called game-changing.

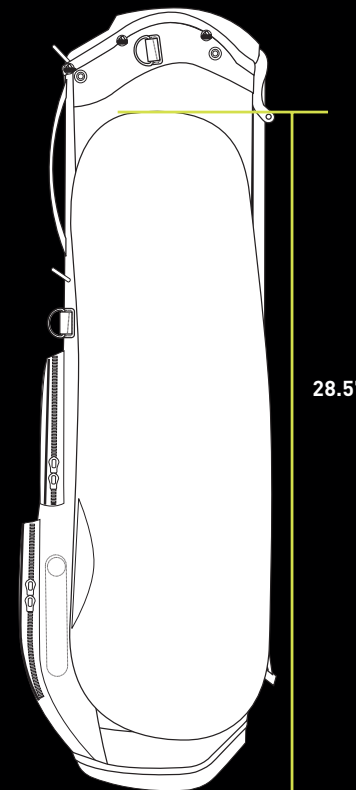

ANTI-FATIGUE STRAP SYSTEM

Ultra-durable and ergonomically designed 4-point strap system with continuous webbing delivers a lower effective weight, for proper distribution and fit, ensuring a stronger and less fatigued golfer through all 18 holes.

STRUCTURED BASE

The structured nylon base is not designed for beauty or for weight savings. Rather, we took one of the most under-appreciated but over-abused parts of the golf bag and designed it for supreme durability, and with extra grip and non-slip properties. It was the right thing to do.

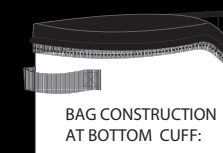

STANDARDISED POCKET HEIGHTS

All adidas Golf bags have pockets heights standardised to a maximum of 28.5" to allow for access when the bag is strapped into a golf cart. Will it be noticed in the store? Probably not. Will it be appreciated on the course? We think so.

STITCHING & CONSTRUCTION

The bottom cuff of every bag features a binding for a clean and fray-free finish, as well as a stronger attachment of materials. Where others may single-stitch seams to save money, we double-stitch seams that will be stressed in play. Design leadership means never cutting corners.

aG TOUR STAFF

Inspired by the world's most demanding athletes, the aG Tour Staff Bag must meet the requirements of Tour professionals worldwide. This golf bag is more than a piece of equipment – it is an iconic statement that reinforces the adidas brand's position as the leader in golf gear for the uncompromising. For winners the world over.

- > Synthetic PU and 600 denier nylon construction
- > 6 way velour-lined top with full-length shaft dividers
- > 6 pockets include velour-lined valuables pocket
- > Insulated water bottle sleeve
- > Integrated umbrella holder

EXERT

Highest grade AAA Cabretta leather demanded on Tour is combined with engineered flexibility and ventilation, delivering a Tour glove feel and strong connection to the club throughout the round.

- CONSTRUCTION
- > 360 degree micro-perforation increases airflow and ventilation throughout the entire hand
 - > Performance mesh in key areas delivers enhanced flexibility with increased moisture and heat dissipation
 - > Moisture wicking wrist band keeps the wrist dry for comfort and performance

Part Number	Fit	Size
